

Racing Instructors

Role

This endorsement should be obtained by instructors with experience of club racing who wish to teach racing skills through the Start Racing module of the National Sailing Scheme.

Eligibility

Dinghy instructor trainees who have experience of club racing (minimum completed 9 races and assistant race officer role once) may qualify during their instructor training course. Alternatively qualified dinghy instructors may undertake further training at a later date with a Coach/Assessor.

Training

The course will include the organisation of club racing, preparation and management of the Start Racing course and instructional techniques afloat including the use of race training exercises. On successful completion, the candidates logbook will be signed by the Coach/Assessor.

Club Racing Coaches

Club racing coaches are also able to run the Start Racing courses (amongst other things), but are not required to be dinghy instructors. For details of racing coach training, please go to 'Racing Coaches' in the 'Coaches' section of 'Working with us'.
